

Information Sessions Spring 2021

The Graduate School
Leigh Hall, Room 515
Akron, OH 44325-2101
PH: 330 972-7663
Fax: 330 972-6475
gradsch@uakron.edu

GRADUATE SCHOOL CONTACTS:

General Program Inquiries – Heather Blake hblake@uakron.edu

Contracts/Assistantships – Karen Caldwell klc@uakron.edu

Admissions – Karen Greene greene@uakron.edu

Applications – Tanya Kauffman tkauffm@uakron.edu

General Issues/Concerns – Marnie Saunders mms129@uakron.edu

WE'RE WAIVING APPLICATION FEES THROUGH JUNE 30

Apply today >

WE'RE MAKING IT EASIER TO BECOME A GRADUATE STUDENT AT UA

College of Engineering applicants

- Application fee is being waived for current UA students applying to a UA Engineering program for Summer 2021 or Fall 2021.
- GRE requirement is waived for applicants to the Departments of Biomedical Engineering; Chemical, Biomolecular, and Corrosion Engineering; Civil Engineering; and the School of Polymer Science and Polymer Engineering through June 30, 2021. Applicants to the Departments of Electrical and Computer Engineering and Mechanical Engineering should contact the department to determine GRE requirements.

Industrial/Organizational Psychology applicants

- GRE requirement is waived for MA/Ph.D. program and terminal master's program applicants for fall 2021 cohort.

Adult Development and Aging applicants

- GRE requirement is waived for doctoral program applicants for fall 2021 cohort.

Integrated Bioscience applicants

- GRE requirement is waived for applicants to the doctoral program in Integrated Bioscience from January 1, 2021 through December 31, 2021.

English language proficiency

- We have approved the use of [the Duolingo English Test](#) (DET) for demonstration of English proficiency since many testing centers have closed because of the pandemic. The DET will be accepted in place of the in-person TOEFL and IELTS through March 31, 2021.
- Applicants will need to receive a DET score of 115 or higher to satisfy our proficiency requirement for graduate admissions.

THINGS TO CONSIDER BEFORE APPLYING

Is graduate school the right step for me? Some questions to ask yourself:

What are my professional and personal goals? Does graduate school align with those goals?

Why am I considering graduate school?

The career I want to pursue requires a minimum of a MS/MA degree – YES

The financial compensation is much better with a graduate degree - YES

The advanced training will help me move faster from an entry-level position – YES

The advanced degree will provide me with increased marketable skills that will set me apart – YES

I want an MS/MA degree – YES

Should I attend now or work for a while?

Now: Move faster from an entry-level position

Easier to finish my schooling than come back later

Later: Gain some practical experience and perspective

Better place – financially

Company may help with cost – becoming increasingly rare

THE APPLICATION

Helpful Hints

- Start the process early and give yourself enough time to complete the application confidently
- If interested in attending UA, approach the faculty in your program of interest- get on their radar
- Talk to graduate students in the program – if you do not know any, ask the faculty to provide some names
- Know your deadlines for applications and assistantships/scholarships (if applicable)

Personal Statement

- This is your chance to shine
- Show that you have a knowledge of the program and that you have done your research
- Include how you will benefit from the program and how the program will benefit from you (eg, career aspirations, contributions to research, performances)
- Show your personality and do not be afraid to brag about yourself (with humility)
 - Talk about the 'pluses' that set you apart
 - Awards, honors, unique opportunities
 - Research (abstracts, conference proceedings, papers), skill sets (techniques, equipment) and talents (showings, performances, readings)
 - Community outreach – volunteer activities – employers look for commitment
 - Employed – not able to volunteer, busy working to pay for school – employment shows commitment, maturity, responsibility
 - Play to your strengths
- Show that you understand the commitment of graduate school and you are up to and excited by the challenge

References

- Choose carefully and give them plenty of time to prepare the reference letter

Things to consider when choosing a reference:

- Provide them with all necessary information and do as much of the legwork as you can
- Choose individuals that can serve as professional references
 - Should be able to speak to your ability to be successful in graduate school (commitment/ creativity/ intellect/ leadership/ team player/ communication/ responsible.....)
 - Ideally faculty – you have been an undergraduate student for several years – should have had a chance to interact with faculty in and out of the classroom
 - Ideally faculty – someone that holds the degree you are seeking (they know what it takes to succeed)
 - Ideally faculty – someone that has had you in class and can speak to your performance as a student
 - Get on faculty radar – volunteer in a lab – help with an outreach project – these types of activities will set you apart

DEADLINES FOR APPLICATION

- Degree Programs with Graduate Assistantships (e.g., Engineering, Chemistry, Integrated Biosciences, etc)
 - Students should apply 9-12 months prior to the start date *regardless of deadline listed below.*
 - For example, Assistantships are awarded by May 1st each year for Fall enrollment (August)
 - Talk with program faculty early

Specific Deadline Dates by College: Graduate programs not listed have rolling admissions

(BCAS) Arts & Sciences:

Name	College	Department	Type	Degree	Appl Deadline (Dept)
Adult Development & Aging	BCAS	Department of Psychology	Doctoral	PhD Doctor of Philosophy	28-Feb
Applied Politics	BCAS	Department of Political Science	Master's	MAP Master of Applied Politics	Fall: April 1 Spring: Dec 1

ESTIMATING THE DEGREE COST

To help with planning the financing of your degree, below are current graduate tuition rates by academic college. Graduate tuition rates are set by the Board of Trustees.

Source: <https://www.uakron.edu/student-accounts/estimator>

Tuition and fees for graduate and law students

Tuition and fees for law students

[See tuition for law students](#)

Tuition for graduate students

1. [Tuition for graduate courses in the College of Business Administration](#)
2. [Tuition for other graduate courses:](#)
 - Arts and Sciences,
 - College of Education,
 - College of Engineering,
 - College of Health Professions, and
 - College of Polymer Science and Polymer Engineering
3. Special [tuition and fees are in place](#) for the following programs:
 - master of public health,
 - master of fine and applied,
 - joint audiology,
 - nursing anesthesia,
 - the MTax Direct program,
 - the Saturday MBA program, and
 - the English Language Institute.

Fees for graduate students

Some fees below do not apply to graduate students. Expand the dropdown to see the groups that are charged.

- \$442.10, Ohio Resident Tuition (per credit hour)
- \$305.88, Non-resident Surcharge (per credit hour)

PAYING FOR GRADUATE SCHOOL

Federal Student Loans for Graduate School

You can apply for a Federal Direct Loan by completing the FAFSA (Free Application for Federal Student Aid).

There are two types of federal Direct Loans available to graduate students, Direct Unsubsidized Loans and Direct Grad PLUS Loans. For questions regarding these loans, you should contact the Office of Student Financial Aid.

Contact: Office of Student Financial Aid, 202 Simmons Hall, Phone 330-972-7032

Web Page: Office of Student Financial Aid - <https://www.uakron.edu/finaid/>

Federal Direct Unsubsidized Loans

Eligible students may borrow up to \$20,500 per year, and students in certain health profession programs (like med school) may receive additional amounts each academic year. If you choose to apply for Federal Direct Unsubsidized Loans, do it as soon as possible. File the FAFSA early and make an appointment with the financial aid advisor for more specific details on the federal loan options available to you.

Federal Direct Grad PLUS Loans

If the amount you are eligible to borrow in unsubsidized loans isn't enough, you may consider applying for a Grad PLUS loan. Keep in mind that, unlike unsubsidized loans, PLUS loans require a credit check.

Assistantships

Some departments offer Graduate Assistantships. You should check with your academic department to see if they offer graduate assistantships and what they require for you to apply.

Installment Payment Plan

The Installment Payment Plan allows you to make up to four (25%) payments throughout the semester, including the initial down payment. There is a \$35 application fee, which will be required in addition to your down payment.

Fall (1st week of August) – then three monthly installments (because of housing contracts)

- Must be in by start of classes

Spring (start of classes) – then three monthly installments

How to sign up for the Installment Payment Plan

- Sign into [My Akron](#) Access my...Finances Sign Up for Payment Plan

Additional information:

- The payment plan covers only one term, so you will need to re-enroll every term.
- Anticipated Aid appearing on your account (if sufficient amount) can be used to hold your classes, avoid late fees and prevent holds for non-payment, **but cannot be used as the first installment.**
- Anticipated Aid may be used to reduce your balance or budget amount. The budget amount is used to determine your monthly installment due amount

Information on the payment plan can be found at: https://www.uakron.edu/student-accounts/payments_and_billing/payment-plan-details.dot

Contact: Office of Student Accounts, Simmons Hall, Phone: 330-972-5100, e-mail: cashier@uakron.edu

FREQUENTLY ASKED QUESTIONS

I would like to apply to the Graduate School. Where do I begin?

Information and admissions requirements for our graduate degree programs are available online at http://www.uakron.edu/academics_majors/graduate/index.dot

Any student who seeks to be admitted to a graduate program must formally apply online. You may apply at the following link: <https://www.uakron.edu/gradsch/apply-online/>

What documents will I be required to submit?

The Graduate School requires that official transcripts be submitted from each college or university attended (except The University of Akron). You also will be required to submit the required application materials as set by your specific program.

What are the deadlines?

You should confirm the application deadline for your graduate program as deadlines do vary by program. We recommend that international students apply at least six (6) months in advance of the intended term of enrollment.

Am I required to submit a GRE score?

Generally, GRE scores are required for the Engineering master's and doctoral programs as well as Polymer Science, Polymer Engineering, Psychology, and MBA programs. If required, this will be listed as such in your program information. Please note, that as a result of the pandemic, many programs are waiving admissions requirements, including the GRE. Please check the website, or contact the specific program for details: <https://www.uakron.edu/graduate/>

Am I required to submit a TOEFL score?

International applicants, U.S. citizens, and Permanent Residents whose native language is not English must submit evidence that they have a sufficient level of English to undertake graduate studies at The University of Akron. You may view the English Language Proficiency Requirements for admission at: <https://www.uakron.edu/dotAsset/677965.pdf>

How can I track the status of my application?

Currently, you are unable to check the status of your application online. However, please feel free to consult the Graduate School for admission updates.

Is graduate funding available?

Students are encouraged to investigate named scholarships along with graduate assistantships to help defer the cost of graduate tuition. When searching for scholarships, students are advised to read the scholarship criteria requirements carefully to determine eligibility.

Students interested in obtaining an assistantship must apply. Each department may have different requirements for their assistantship applicants, so all students should contact their academic department directly to see what other requirements they may have to fulfill. Not all programs offer graduate assistantships.

INTERNATIONAL STUDENTS: If you should have questions regarding financial/immigration documentation, please feel free to contact the International Center (IC) at immigration@uakron.edu or 330-972-6349.

How will I know if I am granted admission? How long is the process?

You will be notified by the Graduate School via email when a decision has been rendered. Generally, the process lasts six to eight weeks depending upon the number of applications received by your specific program.
